

RESOLUTION to REMOVE “ANTI-RACISM” CURRICULUMS: Critical Race Theory and Black Lives Matter

Whereas, **Critical Race Theory (CRT)** inhibits unity by segregating students into groups based on race and skin color. CRT advocates assigning levels of “privilege” and “oppression” to individuals/students; therefore, creating animosity from the perceived oppressors, and a false sense of entitlement from the oppressed.

Whereas, **Black Lives Matter Inc.** is a self-admitted Marxist organization, holding ***13 Guiding Principles***, including:

- 1) the **abolition of the nuclear family** replaced by communal villages ,
- 2) **the promotion of a false narrative of US History,**
- 3) the **abolition of traditional law enforcement** replaced by restorative justice practices, and
- 4) **Utilization of K-12 public education for teaching children to advocate for Black Lives Matter Inc. and its agenda.**

Whereas _____ signatures have been collected from registered voters in the _____ school district demonstrating their opposition to the aforementioned “Anti-Racism” Curriculums.

Therefore, we ask _____ School Board to oppose and/or rescind adoption of any curriculum, policies or programs which promote Critical Race Theory, or are recommended by Black Lives Matter Inc.
